

REMARKS

Reconsideration and reexamination of this application is respectfully requested.

Please reinstate claims 7 - 27 so that pending claims are 7 - 27

The Examiner stated that newly submitted claims 28-31 were not entered because they were directed toward a method. The Examiner also stated that, inasmuch as claims 7-27 were cancelled in favor of claims 28-31 (claims 1 - 5 having been previously cancelled) therefore there were no claims pending in the case.

Therefore, Applicant reinstates claim 7 - 27, adds new claim 28 and presents the following arguments which are believed to overcome the reasons for rejection presented in the Office Action of March 10, 2005.
